7 GRAM POD SYSTEM

spec sheet

PRODUCT CODE : PNYP

General Features

7 gram hard pod espresso maker. Designed for catering, offices and households, and small coffee turnover outlets. Professional certification with dual boiler system for coffee and steam with separate electronic thermal controls.

Pony Unique Features

- 2 x independent boilers 1 L each ensure that heat does not run out for either coffee or steam. Frothing of milk and dispensing of coffee can be simultaneous.
- Programmable temperature control for coffee and steam
- Programmable steam timer
- Programmable volumetric dosing for two cup sizes
- 1 x Teflon multi-directional steam arm is easy to clean. Any dried milk simply flakes off and can be wiped away.
- Cup-warming tray to pre-heat your cups as done in cafes and restaurants (capacity up to 12 cups)
- UNIC Patented rotating filter holder system automatically expels the used coffee pod into the waste basket.
- Easy milk frothing makes the milk frothing process simple.
- Automatic safety shut-down when water runs out
- Stainless steel finished
